PRICE FIVE CENTS

Moore Is Blocked By Mud

Veteran U.F.A. Member Unable to Get Nomination in Cochrane

LISTS CLOSED WHEN PAPERS TENDERED

R. Milton McCool Put in as Substitute—Bad Roads Fatal

Alex. Moore, first U.F.A. member to be elected in Alberta when he carried a byelection in Cochrane district following the death of Mr. Speaker Fisher in 1919, and who represented that riding continuously since, will not be a member of its next legislature. Had roads and a slight snow melt delayed him when he was making the trip to Cochrane, where he would have been nominated to replace Mr. Fisher, where he resides, with the result that it was five minutes past two when he chugged into Cochrane, although he was not expected, and a late train for the service of R. Milton McCool was held in Moore's place.

Held up to Last

The election committee was made up until the last possible minute. Mr. P. A. Regan, secretary of the committee, and Mr. J. H. McCall, who represented that riding continuously since, will not be a member of its next legislature. Had roads and a slight snow melt delayed him when he was making the trip to Cochrane, where he would have been nominated to replace Mr. Fisher, where he resides, with the result that it was five minutes past two when he chugged into Cochrane, although he was not expected, and a late train for the service of R. Milton McCool was held in Moore's place.

GIRL TEACHER'S DEATH PROBED

Canadian Press

HALIFAX, N.S., June 18.—Hon. J. C. Douglas, attorney general for Nova Scotia, announced last night that he had requested the authorities of British Columbia to send him full particulars of the death last night of a young girl, 14 years of age, Loretta Chisholm, a daughter of a courtier.

The body of Miss Chisholm, school teacher, was found May 24 in the water at the mouth of the Skeena river, just outside Victoria. It was believed she had been attacked by a bear, but later inquiries pointed to murder.

The mysterious death of a girl, 14 years of age, and who was a student in the Skeena river, just outside Victoria. It was believed she had been attacked by a bear, but later inquiries pointed to murder.

COARSE GRAINS ALL OVER WEST IN FINE SHAPE

Prairie Crop Rooted and Vigorous but Early Lead Lost

WARM WEATHER IS GENERALLY NEEDED

Damage From Frost, Wind and Pests in Alberta Is Slight

WINNIPEG, June 19.—The second general crop report for the present season, issued by the Manitoba Pulse and Flax Commission today, states that while the ten days' advance over the average reported May 29 has been pretty well dissipated, the crop is well rooted, vigorous and, given warm weather now and a few showers, will mature in good time.

The report states that the weather has been cool all month and that general rains did not come until the middle of the month. Damage from insects, wind and frost is reported not excessive or serious, except in a few spots.

Coarse grains of the whole are reported in good condition, with a few spots of damage. Flax is generally a poor crop, but a good deal of late sowing to the dry weather immediately after they were seeded.

General conditions are reported "very satisfactory." A summary of the report by provinces follows:

Manitoba

Manitoba's crop has been slightly damaged at 23 points, considering the damage of 47, and 23 per cent. of the crop is reported to be in good condition. The report is generally a poor crop, but a good deal of late sowing to the dry weather immediately after they were seeded.

Two City Pastors To Preach Farewell Sermons Sunday

Rev. J. W. Dalzell and Rev. W. M. Grant will preach farewell sermons at the First United Methodist church, Sunday, June 20.

Window Ventilation System For City Schools Opposed

K. E. Kirkwood Declares New System Decidedly Dangerous

That window ventilation in large buildings is a dangerous and unsatisfactory system was the opinion of K. E. Kirkwood, president of the Edmonton Association of Architects, today. He declared that the system was a danger to the health of the occupants of the buildings.

GYPSY WOMEN STAGE BLOODLESS HOLDUP OF BANK TELLER

KINISTON, Ont., June 19.—Three gypsy women yesterday afternoon, in the city of the St. Lawrence, 22 miles from the city, staged a bloodless holdup of a bank teller. The women, who were dressed in gypsy costume, entered the bank and one of them, who was dressed in a black and white costume, held the teller at gunpoint. The women, who were dressed in gypsy costume, entered the bank and one of them, who was dressed in a black and white costume, held the teller at gunpoint.

UNITED CHURCH COUNCIL WILL FINISH TODAY

Former Denominationalism Carefully Avoided in All Deliberations

Canadian Press
MONTREAL, June 19.—The general council of the United church will likely complete its sessions at noon today, after sitting since June 10. That was the intention expressed when adjournment was taken at 9 o'clock last night to 9 o'clock this morning.

Such business of a routine nature was put through Friday evening sessions broke out at an expected point and occupied a large part of the session when no apparently eager desire was to discuss the matter. The session of former denominationalism found expression in debate as to a name suitable for the rules and regulations of the church.

Brand New Title
Finally the committee was persuaded to choose a title which would have no suggestion of the break-up of any of the three former denominations.

The name "Overture" was done away with a United church name last night and "Memorial" substituted. All memoranda submitted were referred to the executive committee.

The council decided yesterday afternoon to send down to conference and presbyteries "as a com-

WAR LORD SURRENDERS

ABD-EL-KHEIM, leader of Moroccan tribesmen, has surrendered to the French and Spanish forces after two years fighting. He will be exiled to Madagascar.

mundable obstacle in which they should diligently strive. A recommendation that minimum salaries for ministers be \$1,200 a year with free furnished house. Two hundred dollars exemption would be made for compensation of retiring fund levy.

For Single Ministers
The desired minimum for single ordained ministers was set at \$1,200 per year and for students and candidates for the ministry fifteen dollars per week plus board, lodging and necessary conveyance.

The same minimums were put through for home missionaries. The council Friday afternoon appointed church officers for the coming two years and furnished for their salaries.

A simultaneous reception by the general council of the United church of Canada, Dr. D. S. Ritchie,

journal, declared Friday that "one of the greatest successes is for everything to be dragged in by the great column that dwells in Toronto."

Moderator, (smiling), "no disrespectful language, please."

Dr. Ritchie, "I have the greatest respect for the moderator and all who dwell there, but not so much of the policies emanating from there."

The remarks occurred during discussion of a motion, afterwards adopted, by which representatives of colleges attending the meeting of the board of education would have their expenses paid by the board instead of by their colleges.

A Further Provision
The motion also provided that principals and professors could be appointed to the board except on corresponding salaries, not over \$1,000.

A recommendation of the committee on evangelism and social service for the appointment of a secretary and two associates constituting a committee from each year was adopted to make the societies number five, two of whom should be women.

The decision was arrived at after long discussion. Mrs. L. C. McKinnon, Charlottetown, Alta., was among those advocating the amendment.

To Conclude
The decision was arrived at after long discussion. Mrs. L. C. McKinnon, Charlottetown, Alta., was among those advocating the amendment.

At the Trial of Carl Magee

A ROYAL in the courtroom at Las Vegas, N.M., where Carl Magee, a former editor, was on trial June 15 for manslaughter in connection with the accidental killing of John B. Lashley last August. Magee is Judge H. J. Leahy (left), whose assault on Magee led to the fatal shooting, and Judge Louis E. Armitage (right), presiding at the trial.

The left side of the car of H. P. Ferguson, 243 1/2 Street was practically demolished when it crashed into the centre sidewalk on 112 Avenue last night at 2:30 p.m. Friday, when a team driven by Robert Ross suddenly turned to the left as Mr. Ferguson was passing.

TODAY'S WEATHER

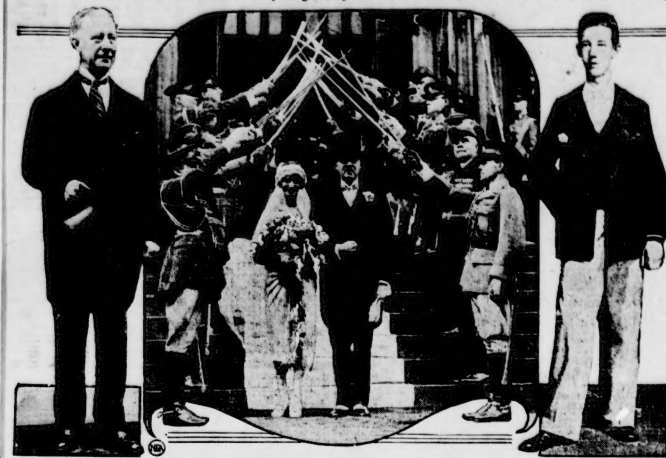

From Dominion Meteorological Service

Forecast: Unsettled and cool with occasional rain. Highest temperature yesterday, 55, lowest this morning, 40. Barometer, 5 a.m., 27.9, steady. Sun, June Sunday, 4.37; sets, 7.04.

AL SMITH ON BRIDES

He Gives Away Daughter Amid Society Pageantry and Then Recalls "L" Ride to His Own Wedding

As Emily Smith, daughter of Governor Al Smith of New York, with her husband, Major John A. Warner, on the steps of the Cathedral of the Immaculate Conception, Albany, immediately after they were married by Cardinal Hayes. Over their heads is the arch of words held by members of Governor Smith's staff. Left, Governor Smith at the wedding. Right, the governor at 21, a few years before his own marriage.

By Leon M. Siler
ALBANY, N. Y., June 19.—Governor Al Smith, hale and hearty, came back to a plain-covered chair the executive mansion.

It is all over, the gorgeous "wedding" of his eldest daughter, Emily Smith, and the wealthy Major John A. Warner, superintendent of the government's water power.

Not one that had been lacking in the glory and circumstance and pageantry. It was perfect, as modern things go. And now the last emotion.

man and social dowager has departed, the farewell echoes of hand pumps had died away and there was a clearing up of the refreshment.

Governor Al brushed at a trickle of sweat that traced on his own forehead these 24 years ago pretty Katherine Smith in New York City's Bond.

"Automobiles? Hand? Caters? Gold bride, arched windows, and all that? Later, son—J. ride to U.S. wedding on the Third Avenue elevated."

"Governor Al chuckled.

"I was a subpoena server for the commissioner of jurors in New York City then. Twenty-six years old and making about \$3 a day."

"About a hundred people came. I guess. Nobody waited for an invitation."

OFFER TO SELL ELEVATORS TO POOL IS MADE

Vinnipeg Grain Exchange Secretary Springs Surprise at Hearing

OTTAWA, June 19.—The banking and commerce committee of the Senate heard further evidence today for and against the bill which would amend the Canada Grain Act to give farmers the right to elect to sell their grain through elevator trusts.

The hearing this morning was held in an office room by Dr. H. H. Gill, secretary of the Winnipeg Grain Exchange, on behalf of the elevator companies, to sell to the grain trust company, at a hearing point where the pool price would be determined.

The bill in question is more an anti-trust bill than a grain trust bill. It would allow the grain companies to decide which should be sold to the pool. Where the law would be broken, the grain interest would have to be articulated.

When asked if this offer had been made in writing, the speaker replied that it had been orally made, but he would not repeat the offer.

Mr. H. H. Gill, secretary of the Winnipeg Grain Exchange, said that he was not in a position to make a statement for the offer to be made in writing.

Referring to the elevator bill, Mr. Gill said that he was not in a position to make a statement for the offer to be made in writing.

Referring to the elevator bill, Mr. Gill said that he was not in a position to make a statement for the offer to be made in writing.

DO YOU KNOW ABOUT SUN-GLINT LACE SPREADS

—These beautiful silk laces are made from super-quality art silk. STRENGTH and DURABILITY have been attained after much experimental and research work. The PERFECT LUSTRE is produced by a special finishing process. The peculiarity and virtue of Art Silk lace is that the dirt remains on the surface and never penetrates below, therefore it can be easily cleaned. The best way to wash SUN-GLINT LACE is to put it in a cotton bag and pass the bag to and fro in a lather made from good soap. Rubbing is not required.

10.50

—Lowest art silk colorings in gold, honey, silver, rose and ivory, with smart scalloped edges, in two sizes. —72 by 90 inches, special 7.95, and 90 by 100 inches, special at 10.50. —Second Floor H.B.C.

And so they wed Great was the joy of the Sultan when his son and daughter were joined in wedlock. The bride and groom were led through the ceremonial of the harem. The bride was veiled and the groom was blindfolded. The ceremony was a grand affair, and the Sultan and his courtiers were all present.

The story of "The People of the South" starts in London's East. It is a story of love and adventure, of a young man who finds his way to a new world and a new life. The story is told in a simple and straightforward manner, and it is a story that will appeal to all readers.

Classic Dancing; Giant Cardinal Preaches; Risks of Polar Ice

MISS DOROTHY WIGHTMAN, Washington, D.C., with her two pet baby opossums, which she has trained to stay put on her shoulders as she strolls about the city.

MIXED CRICKET in Hyde Park, London. A scene during the strike. The lady is endeavoring to discount the erratic bowling with sensational batting effect.

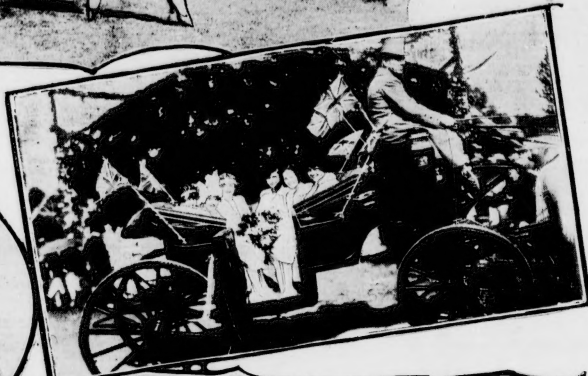

CONDOR'S EGG valued at \$730 in Washington Zoo. The Condor that laid the egg has laid only five in twenty years. She broke all the others and the present golden treasure is to be entrusted to an excellent hen to furnish the incubational warmth. The scientific men are watching.

FOR AFTERNOON calls and functions this model is especially charming with its flowing flare sleeves and "petal" skirt.

RIGHT: Princess Juliana of Holland, who will be of age next April. She is fond of society. Above: Lord Trematon, son of Lord Athlone, said to be her betrothed.

MILIE. BUSOZ, a member of one of the oldest and most aristocratic families, who is regarded as one of the most finished of pianists. She wears a little Lord Fauntleroy costume when playing as being more in tune with her music, and giving her more freedom in playing.

LADY MENDEL, who was Miss Elsie de Wolfe, interior decorator, who was recently married to Sir Charles Mendel in Paris. Lady Mendel says she will continue her business connections under her old name.

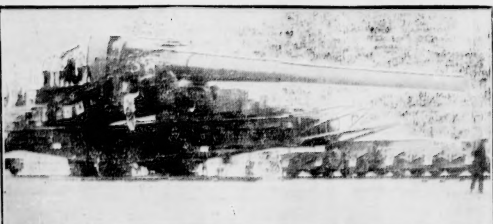

CARDINAL MICHAEL VON FAULHABER, shown speaking at an open air gathering at Munich. The cardinal is within a few inches of eight feet tall. He is a close friend of the Bavarian royal family.

DANCING THE MINUET, a full dress rehearsal at Harbord Collegiate, Toronto, for Empire Day festival. Left: Miss Frances Goodman; right: Miss Helen Luton.

ABOVE: The carriage which in 1901 drew the Duke and Duchess of York, now the King and Queen of England, through the streets of Vancouver, presented to the North Vancouver May Queen Committee.

RIGHT: LORD PORT-ARLINGTON, who, during the strike, drove an engine on the Great Eastern Railway of England. Locomotive driving has a keen attraction for some men of wealth and leisure.

WORLD'S BIGGEST GUN under test at Fort MacArthur, Calif. Acting under orders from Washington, officials made the first tests for carriage and placement of the newly constructed concrete structure. This is the first time the 14-inch gun has been fired since leaving the east. The photograph shows the gun on its carriage trucks.

VISITORS TO JASPER PARK on May 24 engage in snowballing conflict. The battle has halted for a moment on the Mount Edith Cavell glacier. But snowballing is warm work.

DANGERS OF ICE TRAVEL in the Arctic are illustrated in the picture where the Arctic explorer, Frank Kleinschmidt, is seen crossing over ice floes in an inlet north of Teller. Two of his dogs have fallen into the water. Their immediate leaders are pulling them out. The Amudien expedition, in the Norge in its flight from Spitzbergen to Teller, passed over Point Barrow, Alaska, and over the spot in the neighborhood. The precarious nature of a "land-ling" may be understood from the picture.

Edmonton Labor Leader Challenges Position of United Church

OPEN SHOP OF RYERSON PRESS CAUSES DISPUTE

Request for Action From Local Union Is Declined

R. McCreath, vice-president of the Typographical Union of Edmonton, received notice today from the United Church of Canada that the church's special committee had refused to take action on his request to have the Ryerson Press of Toronto, the church publisher, unionized.

Mr. McCreath stated that the church's refusal to take action on his request to have the Ryerson Press unionized was a "great insult" to the union and its members.

CITY'S HEALTH MUCH BETTER, SAYS WHITELAW

Measles and Chickenpox Are Definitely on the Decline

A considerable decrease of new cases of communicable diseases from the previous week is contained in the report of city health officer Dr. H. Whitelaw for the week ended June 17.

Measles is on the decline and only 21 new cases were reported against 21 the week before. Chickenpox has also gone down from 30 to 15 cases.

Only one case of diphtheria was reported and five cases of scarlet fever were reported. The number of cases of scarlet fever declined from 12 to 4, but the number of cases of diphtheria and whooping cough from 14 to 12, the latter of which was reported.

Adventure in Mere Spark Plug

Three small porcelain plugs on which your motor depends for its life. Water and power are the basis of an industry running into the millions in production and value.

Within their insignificant bodies they carry a tale of adventure and research nurtured by those of few other industries.

They tell of the long patient search for a material of natural high resistance to electric sparks, almost insensibility to high temperature and of great mechanical strength.

They recount the trials of scientists in remote laboratories and their dangerous climbs through the mountains of California, digging out the mineral water which is the basis of the commercial product and now flows from a mountain spring to the factory.

Eighty million a year, into the earth, they are drilled into the porcelain body of the spark plug. The material is then fired in a furnace to drive out the water and to make the porcelain body of the spark plug.

It is the spark plug which is the heart of the engine. It is the spark plug which is the heart of the engine.

It is the spark plug which is the heart of the engine. It is the spark plug which is the heart of the engine.

NASH CHANGES NAME OF AJAX

Heavy Demand for the Car Forces Consolidation of Manufacturing

The Nash-built Ajax hereafter will be known as the Nash Light Six, the Ajax Motors company, a subsidiary of Nash Motors, has been entirely absorbed by the parent company. The consolidation marks the first anniversary of the Nash Light Six, a production of 25,000 cars. Many processes among the various Nash plants have identical the consolidation of manufacturing operations, after the production facilities for the Nash Light Six while the increasing of manufacturing interests made it advisable for the parent company to absorb the subsidiary.

Announcement of the change in name from Ajax Six to Nash Light Six also marks the greatest financial period of success in the Nash history. The upward swing during January, February, March, April and May shows the total sales and production to a figure approximately 50 per cent of the total sales for the whole of last year.

"In all my 25 years of manufacturing, I have never felt greater satisfaction in my product than in the Ajax Six, now known as the Nash Light Six," said C. W. Nash, president of the Nash Motors company. You see, as I have there has never been produced a car which from the very outset gave a greater degree of satisfaction and trouble-free performance. The result was quick to recognize the quality embodied in the Ajax and demand had made available the closer manufacturing relation of our factory.

Kenneth and Milwaukee plants. The Ajax was introduced on May 7 of last year but no immediate order was made to obtain similar production. This was in order to maintain the manufacturing standards we have adopted. Only 10

few cars were produced each day during the balance of May, through June and until the middle of July, when production was permitted to proceed in larger volume. All of the early cars were shipped to points within a radius of 50 or 100 miles of the factory so that we could keep an eye on their performance. If adjustments were necessary we wanted the cars close to home where our own men could make them.

Months of Testing. While we had spent a great many months in engineering, developing and testing, the Ajax and were thoroughly sure of the car at the time of its introduction, we were nevertheless surprised at the almost total absence of service requirements even at the first car to be produced. I am frank to say that in all my years of manufacturing, I had never seen such satisfactory performance in a new car. The Nash Light Six plant at Ft. Erie, Pa., was equipped a year ago with brand new machinery of the latest pattern and design. It was the demand for the product, additional machinery was installed early this year and production facilities increased 100 per cent. Manufacturing facilities for the Nash Light Six are even increased because of this consolidation.

The Nash Light Six is now available in three series—the Light Six, Special Six and Advanced Six.

English Footballers See Bright Future for Canada

Vancouver, June 17.—Over since their arrival in Vancouver, Tuesday, the members of the English Football Association football team, which is touring Canada, have expressed enthusiastic views of the possibilities of the Dominion as an ideal country for the sport, and to make good in. In fact, the manager, Arthur Kingswell, who in private life is a school official in the Peak district of Derbyshire, England, stated in an interview here that his return would be to save all the boys he could from the streets of the city and make them football players in Canada. The various and beautiful of the country have also impressed the visitors exceedingly.

Highlighted: That some region in which the game is so popular.

A special committee of the Chicago city council has recommended an ordinance requiring all spectators in the city to carry red tail light on their horses.

It goes without saying that the horse is a valuable asset to the military camps all play the old game.

Sympathetic strike: The strike is not because your friend has struck, because.

The beauty of Paige is Mechanical, too

Features of this New Paige:
Improved Paige-built Motor, none more modern nor better lubricated.
Full High-Pressure Oil Feed to all Rotating Parts, including wrist pins, cam shaft, auxiliary shaft and tappets.
Counterbalanced Crankshaft Springs 58 inches long.
Metal Oil-Lubricated Universals 125 inch Wheelbase.
Silent Chain Timing, with automatic take-up.
Paige-Hydraulic 4-Wheel Brakes Shock Absorbers.
Saw blade Steel, Light Acting Clutch.
Easy Steering through Ball Bearings.
Air Cleaner.
Short Throw, Easy Gear Shift.
Coincidental Lock.
Automatic Windshield Cleaner.
Stop Light-Dome Light.
Dash Gas and Heat Indicator.
Balloon Tire.

SOME men regard mechanical excellence above all other things in an automobile. Others are fascinated by beauty of line, by comfort and by tastefulness of appointments. Still others place highest value on performance. Enthusiastic Paige owners are found in every group. Whether the thought uppermost in their minds is beauty of line, beauty of design, beauty of performance, or beauty of workmanship—the words that come to their lips when they express their opinion of Paige have formed the most enduring slogan in the motor car industry. And only the truth endures. Paige is "The Most Beautiful Car in America."

GRASS CATTLE SLUMP DURING WEEK AT YARDS

Stockers and Dry-fed Cattle Move Readily

EDMONTON STOCKYARDS, June 18.—(Weekly report, 12:11 p.m.)—Inquiries, CATTLE 274 entries, 272; HOGS, 214; sheep, 24.

Business this past week has been looking for good dry fed butchers and this class of animals were in great demand and moving well in good prices. There are good dry fed butchers were fully steady and unchanged with last week's prices. The steamer market was active throughout the week and meeting with a very good result. All offerings of steers, especially of quality, were readily cleared up at fully steady prices. There was a little better tone to the calf market and all calves were better readily cleared up at steady to firm prices.

Hog Market Steady Lower.
The hog market was steady to lower this week. The market was steady to lower this week. The market was steady to lower this week.

Sheep Market Steady Lower.
The sheep market was steady to lower this week. The market was steady to lower this week. The market was steady to lower this week.

Chicago Grain
Associated Press.
CHICAGO, June 18.—Continued unfavorable reports from Europe regarding the weather conditions there tended to drive higher values on this week and upward sentiment during early trading.

After starting unchanged to 2-4 cent higher, wheat closed off to be 10-12 cent lower yesterday's close. Corn and oats were 1-2 cent higher, while soybeans were 1-2 cent lower. The market was steady to lower this week.

"The West Way—the Best Way"
Ship Via Vancouver.

Over the Western Route the logical way

Vancouver, one of the fastest growing seaports on the American continent, Canada's great Pacific terminal, offers to Western Canada accommodation, efficiency and facilities that make for speed and service.

The Economical Route
Consider the routing of your shipments from Eastern Canada and European points over the "water route" via Vancouver—through the Panama Canal. Water transportation is economical and it is on this account that the Western Route—via Vancouver—means a direct saving to you on delivery costs from Eastern Canada and European points. Investigate! You will be surprised at the saving made possible by using this "Water Route."

Write for Information
The Vancouver Harbor Commissioners are at all times desirous of supplying information relative to the Western Route and the Port of Vancouver. If you have not already received our Travel Booklet, showing savings effected, write for a copy—free, on request. Address your enquiry to General Superintendent.

WHEAT PRICES HAVE SETBACK

Some Export Business in July, But Sales Are Moderate

WINNIPEG, June 18.—Influenced by weakness in Chicago, wheat prices during the first hour were strong. July advanced to 113 1/2, but trade was light.

There was some export business worked in July, but sales were moderate.

Closing quotations for July 1926: July 113 1/2, October 113 1/2, December 113 1/2.
